Subject: **Letter of Appreciation**

Dear INELSO,

Following the success of Medical Services delivery at the FIFA World Cup Qatar 2022, I wish to express my gratitude to you for the huge contribution you and your team have made.

This World Cup was unique in many ways and the Medical Director of FIFA has recognized it as having set a benchmark for future tournaments. This achievement is in no small part due to the commitment, enthusiasm and dedication of our medical stakeholders and partners. It was a huge task to develop and deliver a training program for all the doctors, nurses, paramedics and medical support staff involved in this tournament and your help as eLearning partner, together with the Hamad International Training Centre was invaluable.

Please convey my thanks, on behalf of the Medical Affairs Training team, to your staff.

Kind regards,

**Dr. Celeste Geertsema**

**Medical Operations Manager  
Supreme Committee of Delivery and Legacy**
